

Four Seasons Hotel Jakarta and Capital Place Officially Open for Business this June 2016

The Hotel's opening marks the return of Four Seasons in Jakarta; at a new location and in a completely new tower at Capital Place

JAKARTA – May 21, 2016 – With its opening just a month away, the spectacular Four Seasons Hotel Jakarta is set to debut in late June 2016 at an all-new location; a centerpiece 20-story tower situated within the award-winning Capital Place development. Prominently located in the heart of Jakarta's international commerce, entertainment and financial district, Capital Place heralds a new era of luxury for conducting business in the city by seamlessly melding premium grade office space with luxurious facilities and services synonymous with the Four Seasons brand, all presented within one iconic landmark on Jalan Gatot Subroto.

"The highly anticipated opening of Four Seasons Hotel Jakarta marks the return of Four Seasons to the Indonesian capital, a vibrant city that is one of the region's fastest growing business hubs," said J. Allen Smith, President and Chief Executive Officer of Four Seasons Hotels and Resorts. "Our new location, within the cutting-edge, Capital Place development, speaks to the strength of our partnership with The Rajawali Group and our shared commitment to excellence."

When it opens this summer, Four Seasons Hotel Jakarta will build on the company's rich 20-year history in Jakarta with the introduction of a striking new, all-suite luxury hotel. Designed by New York-based Interior Designer Alexandra Champalimaud, a member of the Interior Design Hall of Fame, the 125 spacious, neo-classical-inspired suites offer relaxed glamour. The Hotel has been accepting reservations since the beginning of May and will be receiving its first guests next month.

"We look forward to welcoming guests against the backdrop of this stunning new hotel and to introduce visitors and locals alike to a new Four Seasons experience in Jakarta," promised General Manager Christian Poda.

Designed as a city within a city, Capital Place is an integrated business development featuring two towers – office and hotel – and a connecting retail podium. Located directly on Jalan Gatot Subroto, the office tower provides 90,511m² of Premium Grade office space. Four Seasons Hotel Jakarta is discreetly set back and screened by the office tower to offer its guests a tranquil oasis in the city. The connecting retail podium features dining destinations including premium cafes, bars and high quality restaurants. Capital Place is a premier workplace for professionals at the top of their fields attending to all of their needs – business and social.

"This is the first development in Jakarta where the legendary Four Seasons services are extended from the hotel to the office tower," said Shirley Tan, CEO Rajawali Property Group. "Capital Place is the culmination of our vision and our commitment to elevate the ordinary work environment where business is conducted into a prestigious, luxury business lifestyle destination."

Designed to international standards, Capital Place's 52-storey office tower combines highly efficient column free floor plates with an expansive 8m high grand lobby, complete with destination control lifts and Four Seasons concierge services. One of a few offices in Jakarta with a BCA Green Mark GoldPlus certification and equipped with 150mm raised floors, the sustainable office will be the benchmark against which future offices in Jakarta will be measured. The office tower is now available for lease and welcomed its first tenants on May 2. Leasing inquiries can be made through the Capital Place website.
